

[ALT Linux P9](#) / [Classic x86_64](#) / docker-ce-19.03.13-alt2.x86_64.rpm

pkgs.org

Description

docker-ce – Automates deployment of containerized applications

Property	Value
Operating system	Linux
Distribution	ALT Linux P9
Repository	Classic x86_64
Package filename	docker-ce-19.03.13-alt2.x86_64.rpm
Package name	docker-ce
Package version	19.03.13
Package release	alt2
Package architecture	x86_64
Package type	rpm

Property	Value
Homepage	–
License	–
Maintainer	–
Download size	134.73 MB
Installed size	134.73 MB
Category	System/Configuration/Other

Docker is an open-source engine that automates the deployment of any application as a lightweight, portable, self-sufficient container that will run virtually anywhere.

Docker containers can encapsulate any payload, and will run consistently on and between virtually any server. The same container that a developer builds and tests on a laptop will run at scale, in production*, on VMs, bare-metal servers, OpenStack clusters, public instances, or combinations of the above.

Install Howto

1. Update the package index:
`# sudo apt-get update`
2. Install docker-ce rpm package:
`# sudo apt-get install docker-ce`

Changelog 10

2020-10-24 - Alexey Shabalin <shaba@altlinux.org> 19.03.13-alt2

- fix docker and dockerd --version
- update default docker daemon config (daemon.json)
- update systemd service unit and install docker.socket

2020-09-30 - Vladimir Didenko <cow@altlinux.org> 19.03.13-alt1

- 19.03.13

2020-07-03 - Vladimir Didenko <cow@altlinux.org> 19.03.12-alt1

- 19.03.12

2020-06-05 - Vladimir Didenko <cow@altlinux.org> 19.03.11-alt1

- 19.03.11 (fixes: CVE-2020-13401)

2020-05-29 - Vladimir Didenko <cow@altlinux.org> 19.03.10-alt1
- 19.03.10

2020-03-12 - Vladimir Didenko <cow@altlinux.org> 19.03.8-alt1
- 19.03.8 (better mitigation for CVE-2019-14271)

2020-02-18 - Vladimir Didenko <cow@altlinux.org> 19.03.6-alt1
- 19.03.6
- Fix license name

2019-11-15 - Vladimir Didenko <cow@altlinux.org> 19.03.5-alt1
- 19.03.5

2019-10-10 - Vladimir Didenko <cow@altlinux.org> 19.03.3-alt1
- 19.03.3

2019-09-12 - Vladimir Didenko <cow@altlinux.org> 19.03.2-alt1
- 19.03.2
